Facility and Anesthesiologist's Fee

Thank you for choosing the Newport Center for Special Surgery. Our facility is designed with your comfort and safety in mind, and we look forward to making your stay a pleasant one.

Your surgeon has estimated that you will be in the operating room_____ hours. The Newport Center for Special Surgery fee, as well as the Anesthesiologist's service fee is based on this estimated amount of time you are to be in the operating room and includes all routine supplies used during surgery. If your surgeon requires more time than estimated, you will be billed for the additional time in 30-minute increments for both facility and Anesthesiologists fee. If your surgeon requires less time than estimated, no refunds will be given.

If you are deemed ready for discharge by the surgeon or anesthesiologist, but your responsible party is not available to take you home, you will be charged a recovery room fee of \$200.00 per hour until your responsible party arrives.

Prosthetics, implantables, and other services such as lab tests, pathology (if specimen is sent to the lab by your surgeon), additional pharmacy, radiology exams and EKG's ordered by your surgeon will be charged in addition to the facility fee.

The surgicenter will bill your credit card on file for additional charges first. If no credit card is on file, then all additional charges are due and payable within 30 days of the date you receive your bill. All balances 60 days past due will be subject to a 2.5% monthly finance charge. Delinquent balances (unpaid balances after 90 days) may be referred to an outside collection agency.

By signing this notice, you acknowledge your understanding of the above arrangement.
